PASTE

Paste is proven as a ***reliable and effective bait for targeting big fish on commercial fisheries*** and falls into the armoury of some of the ***very best anglers around***, including none other than **Sonubaits** consultant ***Andy Findlay***. Mixing traditional paste hasn't always been easy, but at **Sonubaits** we were keen on rectifying that. **One To One Paste** solves this problem, providing a ***no-nonsense simple paste mix*** that requires you to add one part water to the same amount of powdered paste mix for the ***perfect mix every time***. **Pro Paste** ***takes paste mixes to another level***. A ***super high-quality mix*** with a potent fishmeal content, ***sure to be a real winner for years to come***.
